## Furniture & Carpets Ltd.

Founded in 1999 by Kieran Corcoran in Cahirciveen Town, Corcoran's Furniture & Carpets is a family-run business offering an exceptional collection of dining, bedroom, and living room furnishings, as well as flooring, curtains, blinds, rugs and accessories.

Today, we have grown to a five-store business with shops located throughout Kerry and Limerick proudly showcasing some of the best in contemporary and traditional furniture to suit a motley of interiors.

Our first store opened in Cahirciveen Town in 1999 supplying furniture & flooring locally and expanded from a 2,000 sq ft showroom to our now 30,000 sq ft Showroom in 2003. Due to demand a new store was opened in Killarney in June 2008 boasting a 45'000 sq ft state of the art showroom.

Our Tralee Store opened in 2014 and since relocated from the town center to a brand new showroom in Manor Park in December 2016 introducing a fantastic new carpets & flooring department as part of the relocation. In 2016 we also introduced our tiles, bathrooms, stoves & fireplaces department to the Killarney Store. Our Newcastle West store and big move to County Limerick in 2015 was a further fantastic addition to the company. Finally, we had our most recent opening in Rock Street, Tralee in 2019 and with that the opening of our first outlet store – where you can find discontinued items and damaged stock with up to 50% off, every single day.

With over 50 employees including experienced interior design consultants and flooring specialists who can help you select everything you need to suit your style, space and budget. Our unmatched, friendly service from outset to completion will enhance your Corcoran's experience.

### RIMLESS FLUSHING

The innovative design of rimless flushing is the latest must-have feature for your bathroom. A direct flush shoots water around the edge of a smooth pan, washing it more effectively and with more power than a standard flush. This modern alternative is easier to clean, more hygienic and leaves no place for germs to build up.

Look out for the Rimless Flushing tag throughout.

# DOLOCAST™

Products made of DOLOCAST™ offer a unique appearance. The material gives design flexibility that goes beyond possibilities of all traditional materials.

DOLOCAST™ comes from nature. Its main ingredient is dolomite. Dolomite is composed of calcium magnesium carbonate,  $\text{CaMg}(\text{CO}_3)_2$ . It was formed over 250 million years ago when the Earth witnessed increased volcanic activity. Dolomite sedimentary rocks were covered by layers of magma. High temperatures and enormous pressures recrystallised original minerals. Due to metamorphic processes the dolomite marble gained a beautiful look and hardness.

Today raw materials are sourced from carefully selected certified mines located in EU. Then the rocks are milled and purified.

The outer layer of a product is made of nanocoat, hardened resin with pigment and particles of quartz. It determines the final gloss and smoothness of the surface.

## DESIGN FLEXIBILITY

---

DOLOCAST™ is a material that liberates creativity. Its extraordinary properties allow for unlimited design possibilities. The material's innovative structure gives freedom of form, therefore countless designs are available.

## DURABILITY

---

DOLOCAST™ is a unique structure which enables dolomite stone to attain a whole new level of durability in the bathroom. Products remain in a brand-new condition for many years.

## PRECISION IN FORM, EDGES & RADIUSSES

---

DOLOCAST™ is precise by its very nature. The material enables an extensive range of shapes to be created that frees up the imagination of designers.

## SOUND INSULATION

---

DOLOCAST™ offers exceptional acoustic absorption. This feature comes from high particle density contained in the material. It prevents the sound of water striking a surface, and so improves living comfort and convenience of use significantly.

## SUPERIOR FINISH

---

Just one touch and you'll feel the nature inherent in our material. Baths and basins made from DOLOCAST™ are pleasant to the touch and have a smooth finish. They are resistant to even the most extreme conditions due to the inherent strength of the nanocoat surface.

## WARMTH

---

Products made from DOLOCAST™ maintain an optimal temperature for a long time, they are always warm to the touch and provide unprecedented comfort in the bathroom.
